NICOLI

AZIENDA

Da 35 anni lavoriamo a fianco dei professionisti del verde.
Produciamo in Italia, nel rispetto dell'ambiente con alti standard tecnologici.
La nostra azienda si sviluppa su una superficie di 20.000 mq, 13.000 dei quali coperti.
Collaboriamo con la clientela con flessibilità e correttezza in un'ottica di continuità e crescita, fornendo prodotti funzionali e di qualità.

PRODUZIONE

Produciamo 500.000 pezzi al giorno.
Lavoriamo 24 ore su 24 con tecnologia ad iniezione con presse da 70 a 1.800 ton e tecnologia rotazionale ad alte prestazioni.
Gestiamo i processi produttivi con sistemi informatici.
Operiamo un efficace controllo qualità.
Disponiamo di un'officina interna dotata di tecnologia CAD-CAM e macchine a controllo numerico, il che ci permette di realizzare autonomamente nuovi stampi e di avere una manutenzione ottimale e rapida di quelli esistenti.
Quando possibile utilizziamo materiale riciclato.

LOGISTICA E MAGAZZINO

Operiamo con un magazzino informatizzato a 4 piani con 6.000 posti pallet coperti.
Gestiamo il magazzino su stoccaggio a pronta consegna.
Evadiamo gli ordini al 99,6% nei tempi richiesti.
I tempi di evasione medi sono di 3 giorni lavorativi per imballi standard.

RETE COMMERCIALE

Ci avvaliamo di una forza vendita di 25 agenti in tutta Italia e di distributori in 20 Paesi.
Nel corso dell'ultima stagione, abbiamo servito circa 2.000 clienti.

PRODOTTO

PROFESSIONAL - Prodotti studiati per le esigenze dei floricoltori e dei vivaisti.
ORIGIN - Articoli prodotti con stampaggio ad iniezione, pratici e decorativi.
EVOLUTION - Articoli in resina finiti a mano, di alto contenuto estetico, di alta qualità e resistenti nel tempo.
EVOLUTION LIGHT - Oggetti luminosi con tecnologia LED, ideali anche per l'esterno.
I nostri prodotti sono interamente riciclabili.
Disponiamo di 950 referenze prodotto a catalogo.
Realizziamo mediamente 20 nuovi stampi ogni anno.

COMPANY

We have been working alongside professional growers and gardeners for 35 years. We manufacture in Italy with high technological standards and respecting the environment. Our premises develop over 20.000 square meters, 13.000 of which covered. We work with customers with flexibility and fairness aiming for continuity and growth, supplying functional and quality products.

PRODUCTION

We produce 500.000 pieces every day. Our factory works 24 hours a day with injection moulding presses from 70 to 1.800 tons and a high performance rotational moulding plant. Our production processes are managed with sophisticated computer systems. We operate an effective quality control. Our internal workshop, equipped with cad-cam and CNC machines, services our moulds in the best and most rapid way and allows us to create new moulds autonomously. Where possible, we use recycled materials.

WAREHOUSE AND LOGISTIC

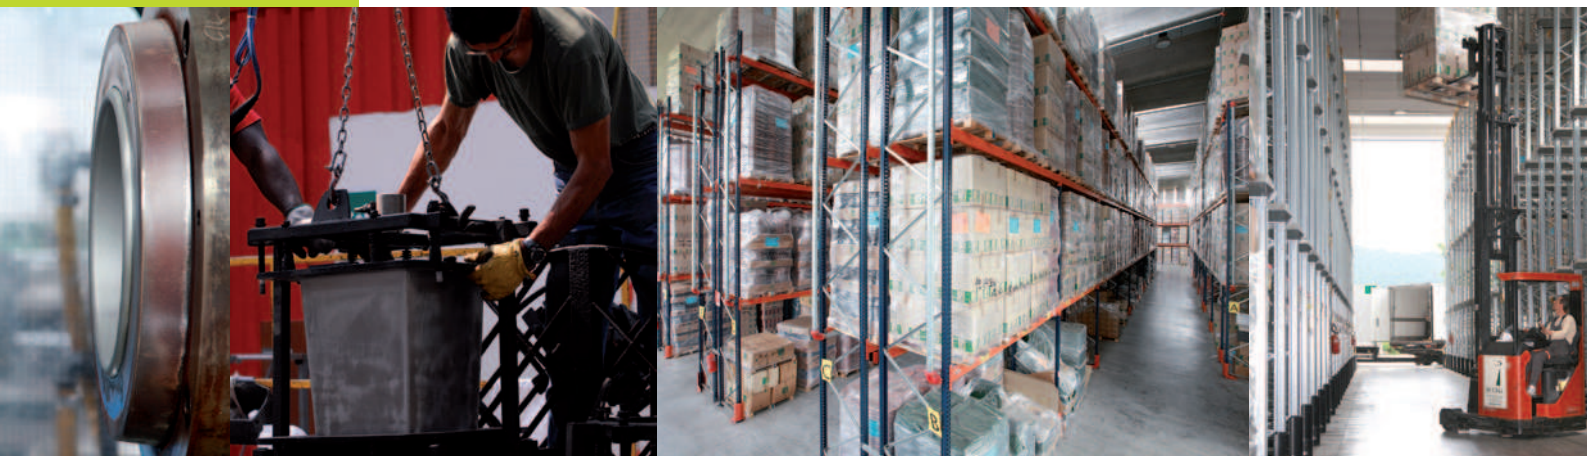

Our warehouse is 4 storey and computerized, with 6.000 covered pallet places. The warehouse is managed ready for delivery. 99,6% of orders are completed within the requested time. For products in standard packaging the average dispatch time is 3 working days.

SALE NETWORK

We have 25 agents throughout Italy and distributors in 20 Countries. In the last season, we worked with approximately 2.000 customers.

PRODUCT

PROFESSIONAL - Products designed for professional growers.
ORIGIN - Practical and decorative articles manufactured with injection moulding technology.
EVOLUTION - Hand finished, high quality and durable resin products with a superior design.
EVOLUTION LIGHT - Lights equipped with LED technology, designed for outdoor and indoor.
Our products are fully recyclable.
We have 950 references in our catalogues.
We make an average of 20 new moulds a year.

UNA GAMMA INNOVATIVA CARATTERIZZATA DA DESIGN E QUALITÀ SUPERIORE, GRANDE ATTENZIONE ALLE TENDENZE E CURA DEI DETTAGLI.

UNA TECNICA PRODUTTIVA CHE GARANTISCE RESISTENZA E SOLIDITÀ, PERMETTENDO DI REALIZZARE PRODOTTI LEGGERI ANCHE NELLE DIMENSIONI PIÙ IMPORTANTI.

UNA SOLUZIONE IDEALE PER TERRAZZE, GIARDINI E INTERNI.

An innovative range featuring superior design and quality, great attention to trends and care over details.

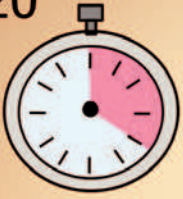

This production technique assures resistance and solidity and makes it possible to make lightweight products, even in the largest sizes.

An ideal solution for terraces, gardens and interiors.

VERVE PLUS

LE PIANTE RENDONO I NOSTRI AMBIENTI PIU' BELLI, PIU' RILASSANTI E PIU' SANI. VERVE PLUS LE ARRICCHISCE DI STILE E COLORE E SEMPLIFICA LA LORO GESTIONE. IDEALE PER L'INTERNO, VERVE E' UN VASO DI LINEA ESSENZIALE E CON UNA SUPERFICIE LISCIA E BRILLANTE, DISPONIBILE IN SEI MISURE E SETTE COLORI. DIVENTA UN SISTEMA PER IL VERDE IN INTERNI GRAZIE AL SUO PLUS: IL KIT PER AUTOIRRIGAZIONE, PER AVERE NEL MODO PIU' FACILE PIANTE BELLE E CURATE, CHE ABBIATE O NO IL POLLICE VERDE.

Plants help make our homes more beautiful, relaxing and healthy. Verve plus makes it easier to take care of indoor greenery, in style.

Ideal for indoor use, Verve is a planter with a neat design and a smooth, glossy finish, available in six sizes and seven colours. It becomes a planting system thanks to its PLUS: a self irrigation kit that allows you to have luxuriant and healthy plants with ease, whether you have a green thumb or not.

UNA COLLEZIONE DI SETTE TONI BRILLANTI: TRE NEUTRI - BIANCO, NERO E UN INTERESSANTE TORTORA - CHE POSSONO ESSERE INSERITI FACILMENTE IN QUALSIASI CONTESTO, E QUATTRO COLORI ACCESI - UN RICCO RUBINO, UN FRESCO LAVANDA, UN ROSA DECISO E UN ELEGANTE E INSOLITO VERDE BAMBOO.

A voi LA SCELTA!
DISPONIBILE NEI DIAMETRI 11, 15, 20, 25, 30 E 35 CM, VERVE E' FORNITO DI ROTELLE NELLE DUE MISURE PIU' GRANDI PER FACILITARNE LO SPOSTAMENTO.

NELLA VERSIONE PLUS, DISPONIBILE PER LE MISURE 25, 30 E 35 CM, VERVE E' PRESENTATO IN UNA SCATOLA CHE COMPRENDE, OLTRE AL VASO, IL KIT PER L'AUTOIRRIGAZIONE, L'ARGILLA ESPANSA E LE ISTRUZIONI PER OTTENERE I MIGLIORI RISULTATI.

NON VI RESTA CHE AGGIUNGERE LA VOSTRA PIANTE, UN PO' DI TERRICCIO, DELL'ACQUA... E POCHE MINUTI DEL VOSTRO TEMPO.

A palette of seven brilliant colours: three neutrals - black, white and an attractive taupe - that can easily find their place in any space, and four bright hues: rich ruby red, fresh lavender, intense pink and an elegant and exotic bamboo green.

The choice is yours!
Available for sizes 11, 15, 20, 25, 30 and 35cm, Verve is supplied with wheels for easy moving in the two largest sizes.

In the PLUS version, available for sizes 25, 30 and 35 cm, Verve comes in a box which includes, beside the planter, a self irrigation system, expanded clay and instructions for the best results.

All you have to do is add your plant, some soil, some water... and a few minutes of your time.

IL KIT PER AUTOIRRIGAZIONE E' COMPOSTO DA UNA GRIGLIA FORATA DA POSIZIONARE SUL FONDO DEL VASO E DA UN PICCOLO TUBO CHE CONTIENE UN INDICATORE DEL LIVELLO DI ACQUA NELLA RISERVA. L'ARGILLA ESPANSA SERVE A CREARE IL FONDO DRENANTE SOPRA AL QUALE METTERE LA PIANTE.

The self irrigation systems consists of a grid and a little pipe which contains an indicator of the water reserve level. The expanded clay is used to make the correct draining bottom layer.

LA RISERVA D'ACQUA PERMETTE DI FAR PASSARE DA 2 A 5 SETTIMANE TRA UN'INNAFFIATURA E L'ALTRA. L'INTERVALLO DIPENDE DAL TIPO DI PIANTE, DALLA TEMPERATURA E DALLA LUMINOSITA' DELL'AMBIENTE, DALLA DIMENSIONE DEL VASO E DELLA RISERVA.

The water reserve allows an interval of 2 - 5 weeks between waterings. This interval depends on the type of plant, room temperature and light conditions, size of the planter and of the reserve.
